

**This tutorial is sponsored by the South Carolina Legislative Roundtable, an association of nonprofit organizations and regional human trafficking task forces dedicated to raising community awareness, providing victim services and promoting legislation to dismantle the commercial sex enterprise.**

**FOR 20 YEARS SMARTPHONES HAVE BEEN MANUFACTURED WITH FILTERS TO PROTECT CHILDREN FROM EXPOSURE TO ADULT MATERIAL. THIS FEATURE HAS NOT BEEN PUBLICIZED AND THE DEFAULT SETTING FOR THE FILTER IS SET TO “OFF”. AS A RESULT PARENTS HAVE BEEN LARGELY UNAWARE OF THE FILTERS AND MOST CHILDREN WHO GREW UP DURING THIS TIME HAVE BEEN EXPOSED TO HARD CORE PORNOGRAPHY USING UNRESTRICTED SMARTPHONES.**

**Distributors of porn use Internet technology to target children. The good news is parents can also use technology built into smartphones to protect their children.**

**If you have an Android device proceed to slide 20**

# **Learn How to Activate and Passcode Protect the Porn Filter on an Apple iOS Smartphone**

**The best way to follow this tutorial is on two devices: one to follow the instructions and the other to work the steps. Another option, with a single device is print and follow the steps on the one page summary from the next slide.**

# HOW TO ACTIVATE AN APPLE DEVICE PORN FILTER

<u>STEP</u>	<u>SCREEN</u>	<u>ACTION</u>
1.	START WITH SETTINGS	SCROLL TO AND SELECT SCREEN TIME
2.	SCREEN TIME	SCROLL TO AND SELECT CONTENT & PRIVACY RESTRICTIONS
3.	CONTENT & PRIVACY RESTRICTIONS	TOGGLE SWITCH AT TOP RIGHT CORNER TO “ON” SELECT CONTENT RESTRICTIONS
4.	CONTENT RESTRICTIONS	SELECT WEB CONTENT
5.	WEB CONTENT	MOVE CHECK MARK TO “LIMIT ADULT WEBSITES” CONGRATULATIONS <u>FILTER IS ACTIVATED</u>

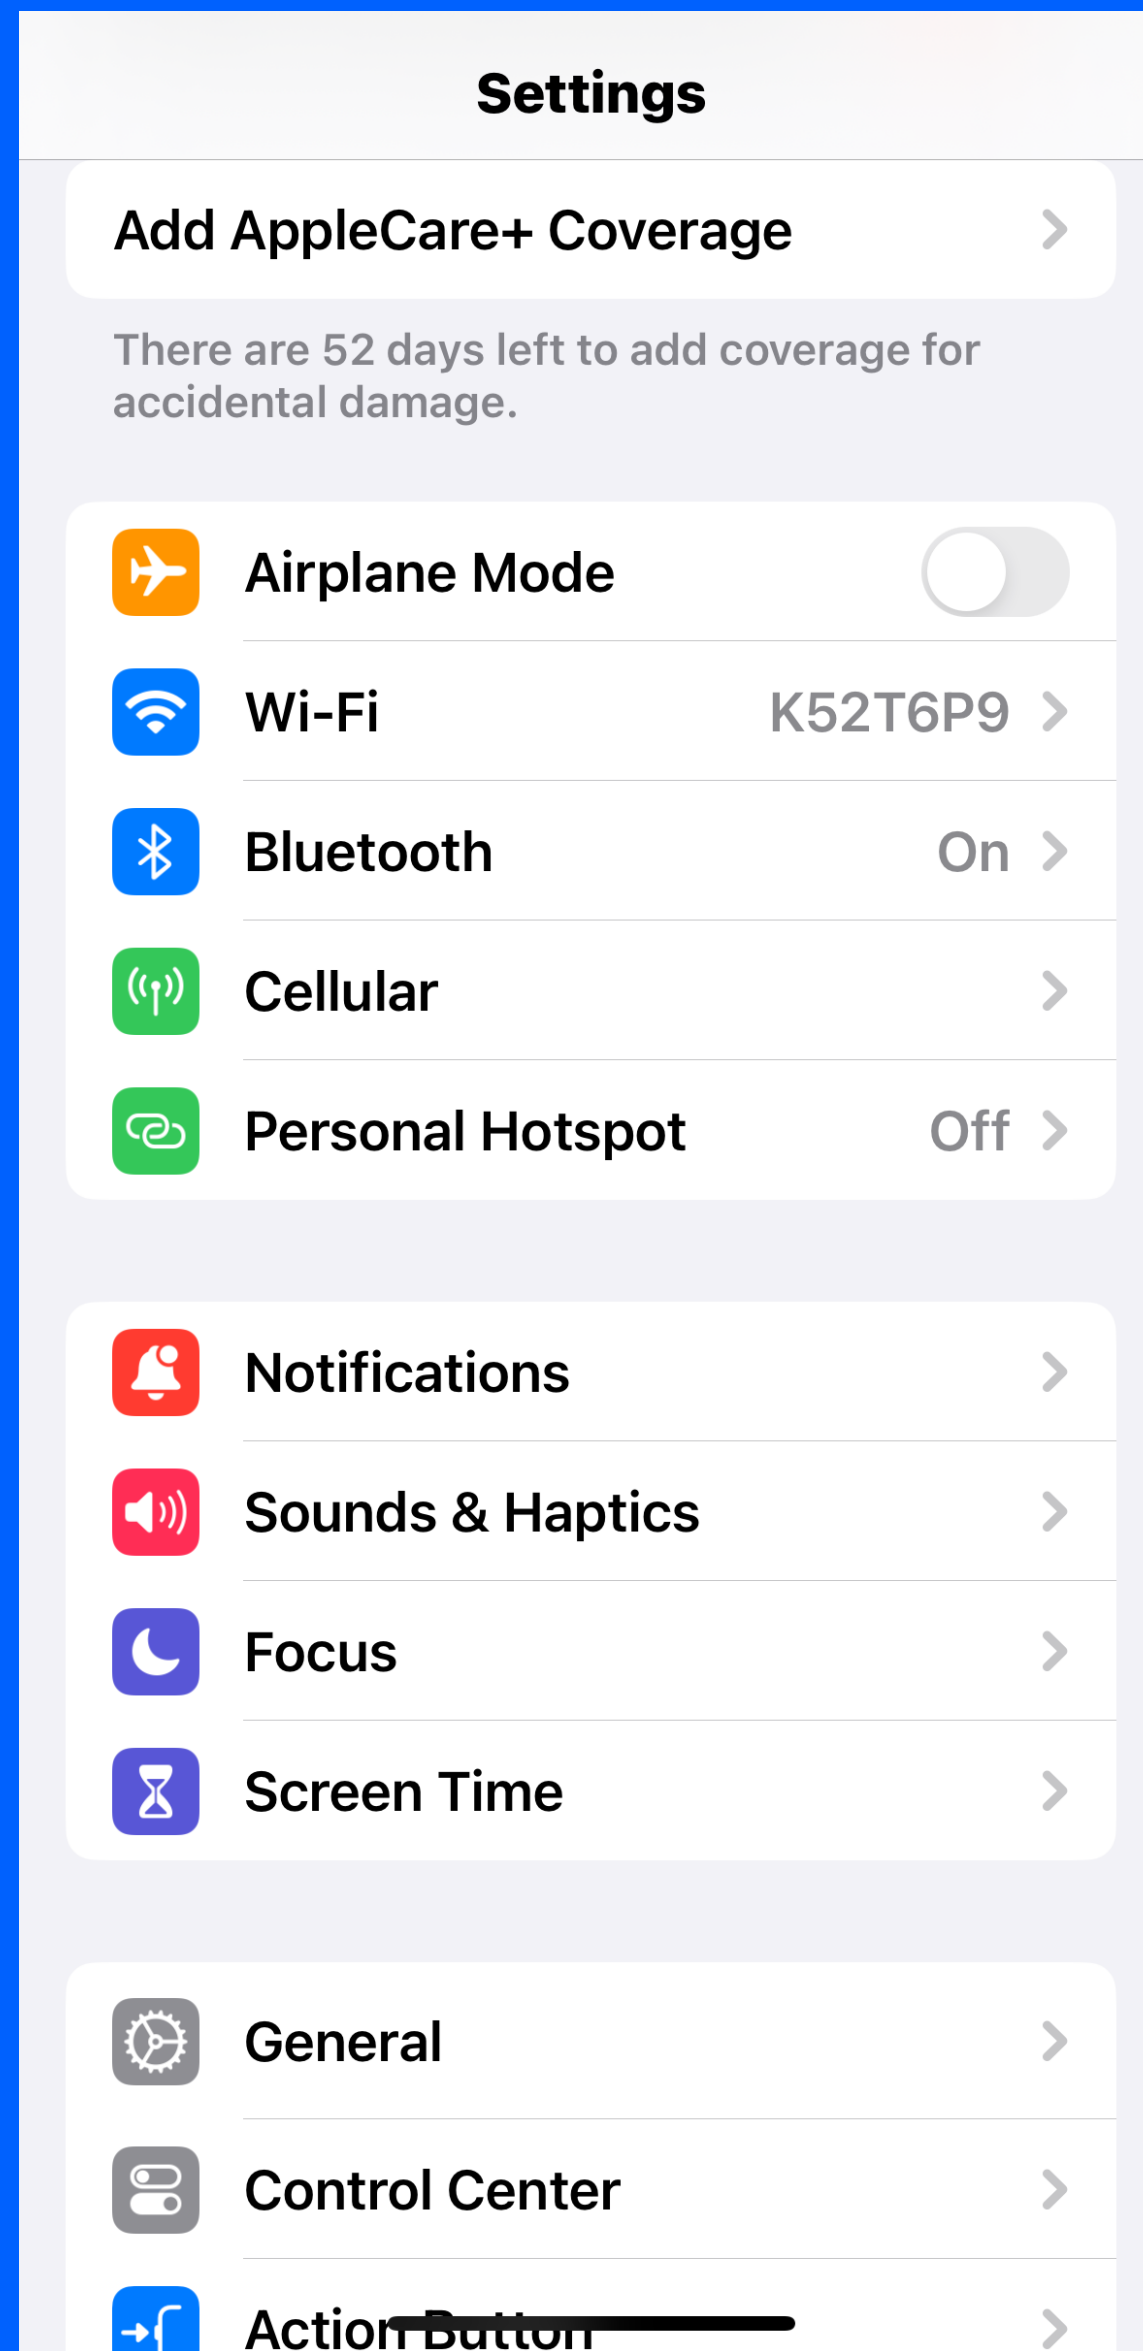

# HOW TO PASSCODE PROTECT THE FILTER

<u>STEP</u>	<u>SCREEN</u>	<u>ACTION</u>
1.	START WITH SETTINGS	SCROLL TO AND SELECT SCREEN TIME
2.	SCREEN TIME	UNDER CONTENT & PRIVACY RESTRICTIONS YOU WILL SEE ONE OF THREE PROMPTS TO: LOCK, CHANGE OR USE SCREEN TIME PASSCODE. SELECTING THE PROMPT THAT APPEARS ON DEVICE WILL TAKE YOU TO “SET PASSCODE”
3.	SET PASSCODE	ENTER A FOUR DIGIT PASSCODE

# HOW TO ACTIVATE THE PORN FILTER ON AN APPLE iOS SMART PHONE

## STEP 1 Start with SETTINGS

Scroll down and select Screen Time

# STEP 2

## Screen Time

**Scroll down to Content & Privacy Restrictions**

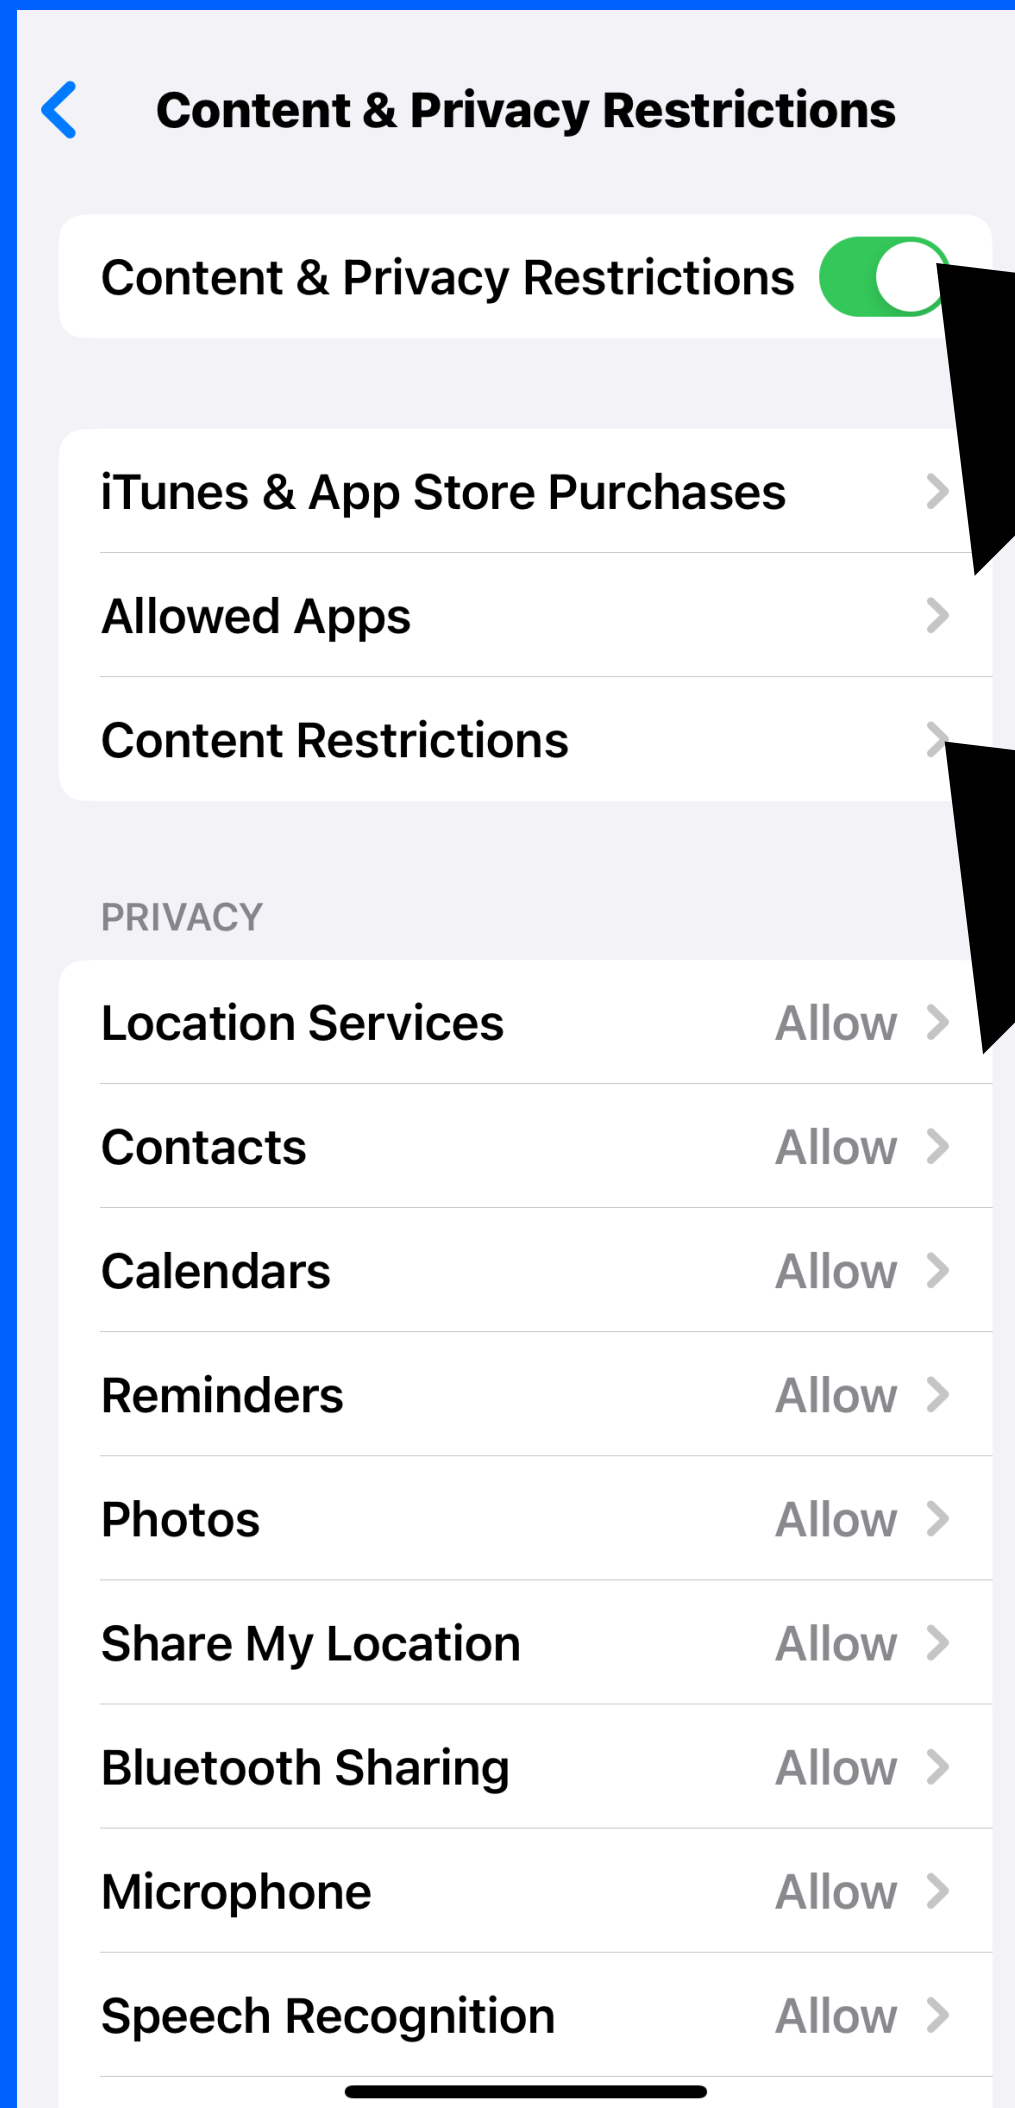

**Select Content & Privacy Restrictions**  
**Block inappropriate content**

# STEP 3 CONTENT & PRIVACY RESTRICTIONS

**CONTENT & PRIVACY RESTRICTIONS MUST BE TOGGLED “ON” TO SELECT CONTENT RESTRICTIONS.**

**SELECT CONTENT RESTRICTIONS**

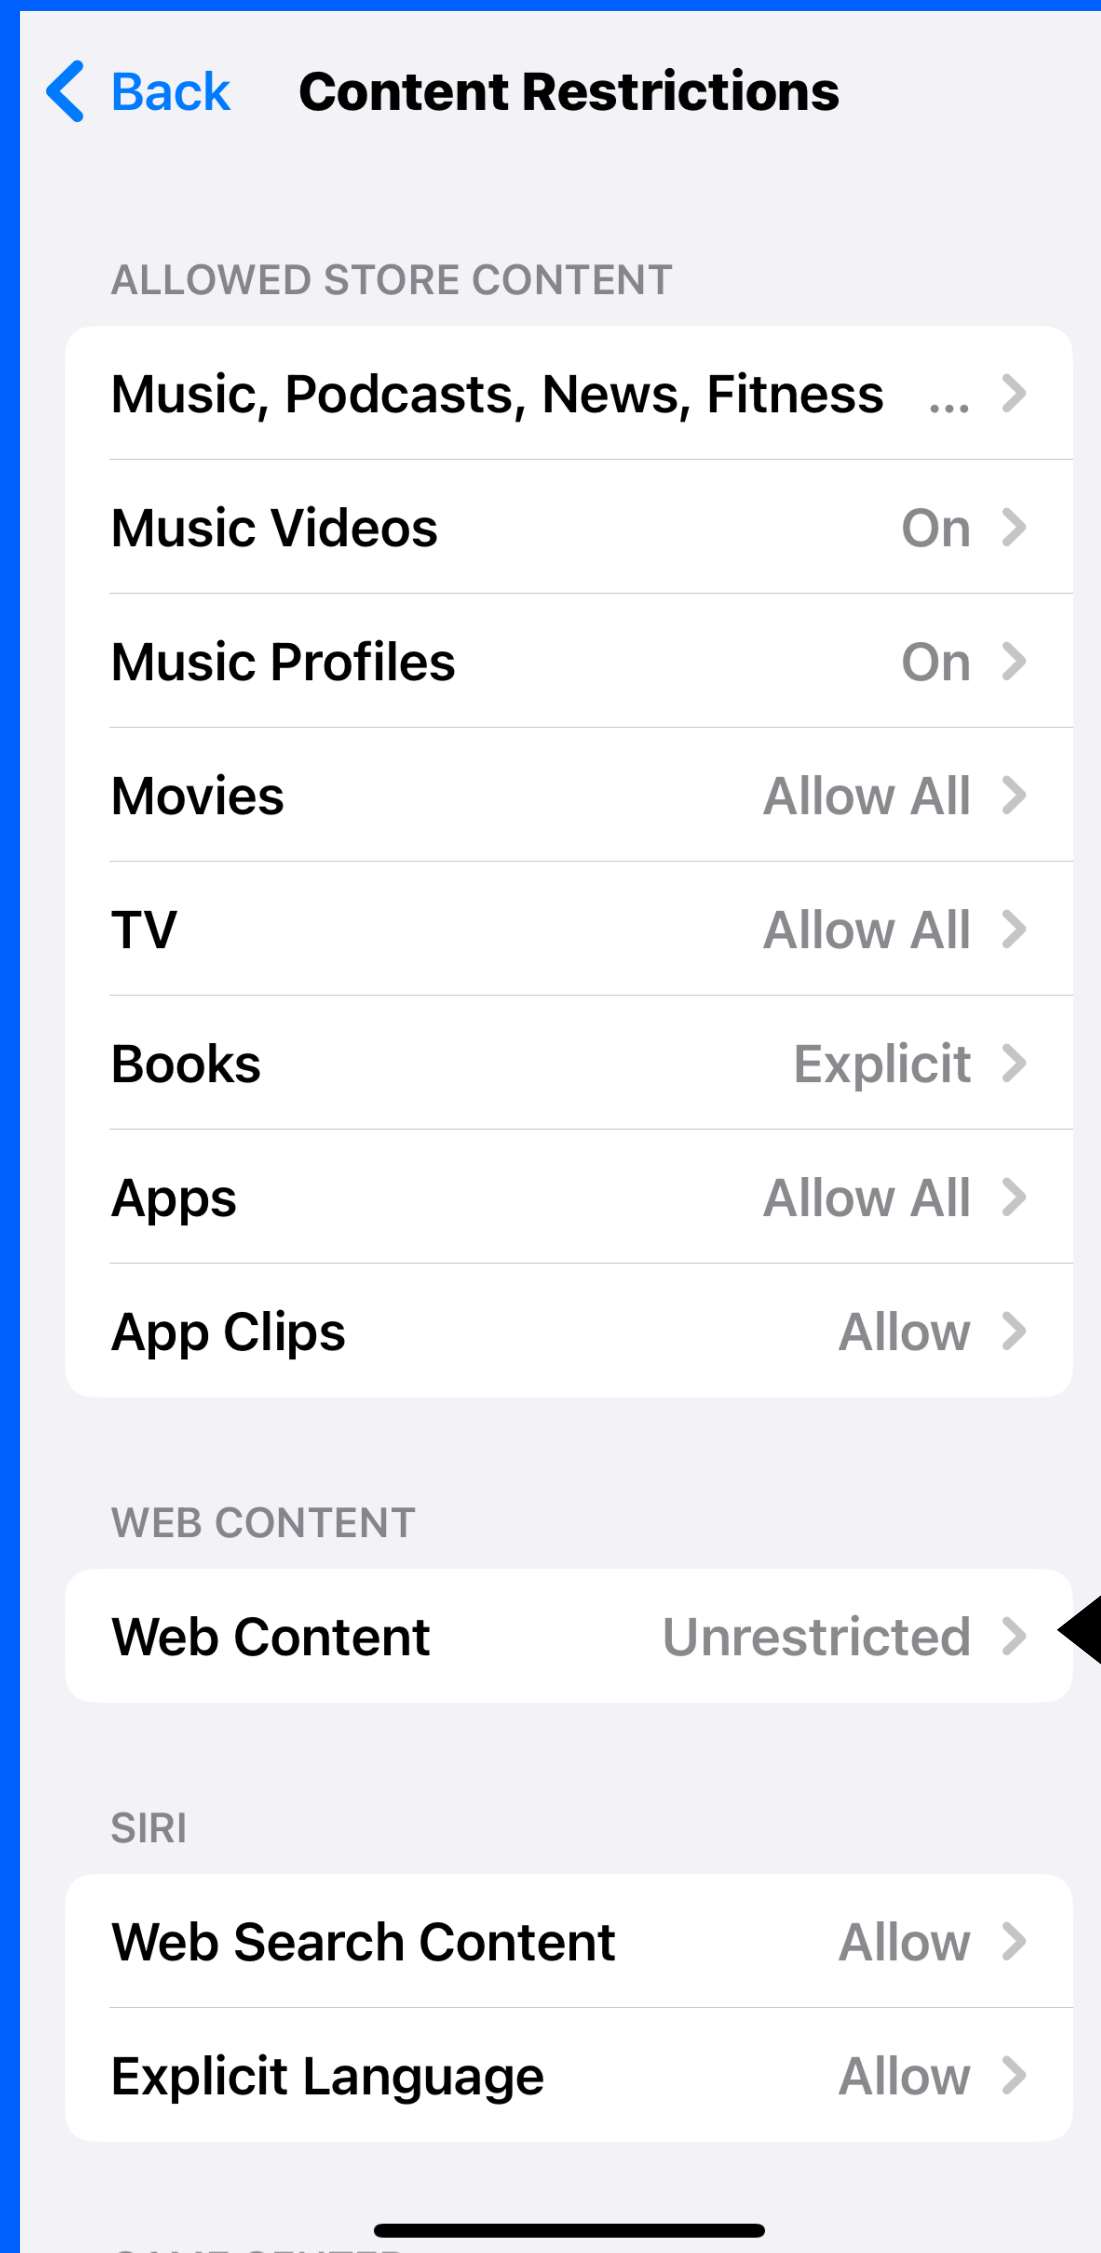

# STEP 4 CONTENT RESTRICTIONS

The “Pornography Filter” is located in “Web Content.” Because the filter’s default setting is OFF the device has unrestricted access to the Internet.

Select “Web Content” next slide change to “Limit Adult Websites”

# STEP 5 WEB CONTENT

CHECK Limit Adult Websites

CONGRATULATIONS!  
Filter is now activated

Web Content

WEB CONTENT

Unrestricted

Limit Adult Websites ✓

Allowed Websites

Limit access to many adult websites automatically. Specific allowed and restricted websites can be added below.

ALWAYS ALLOW:

Add Website

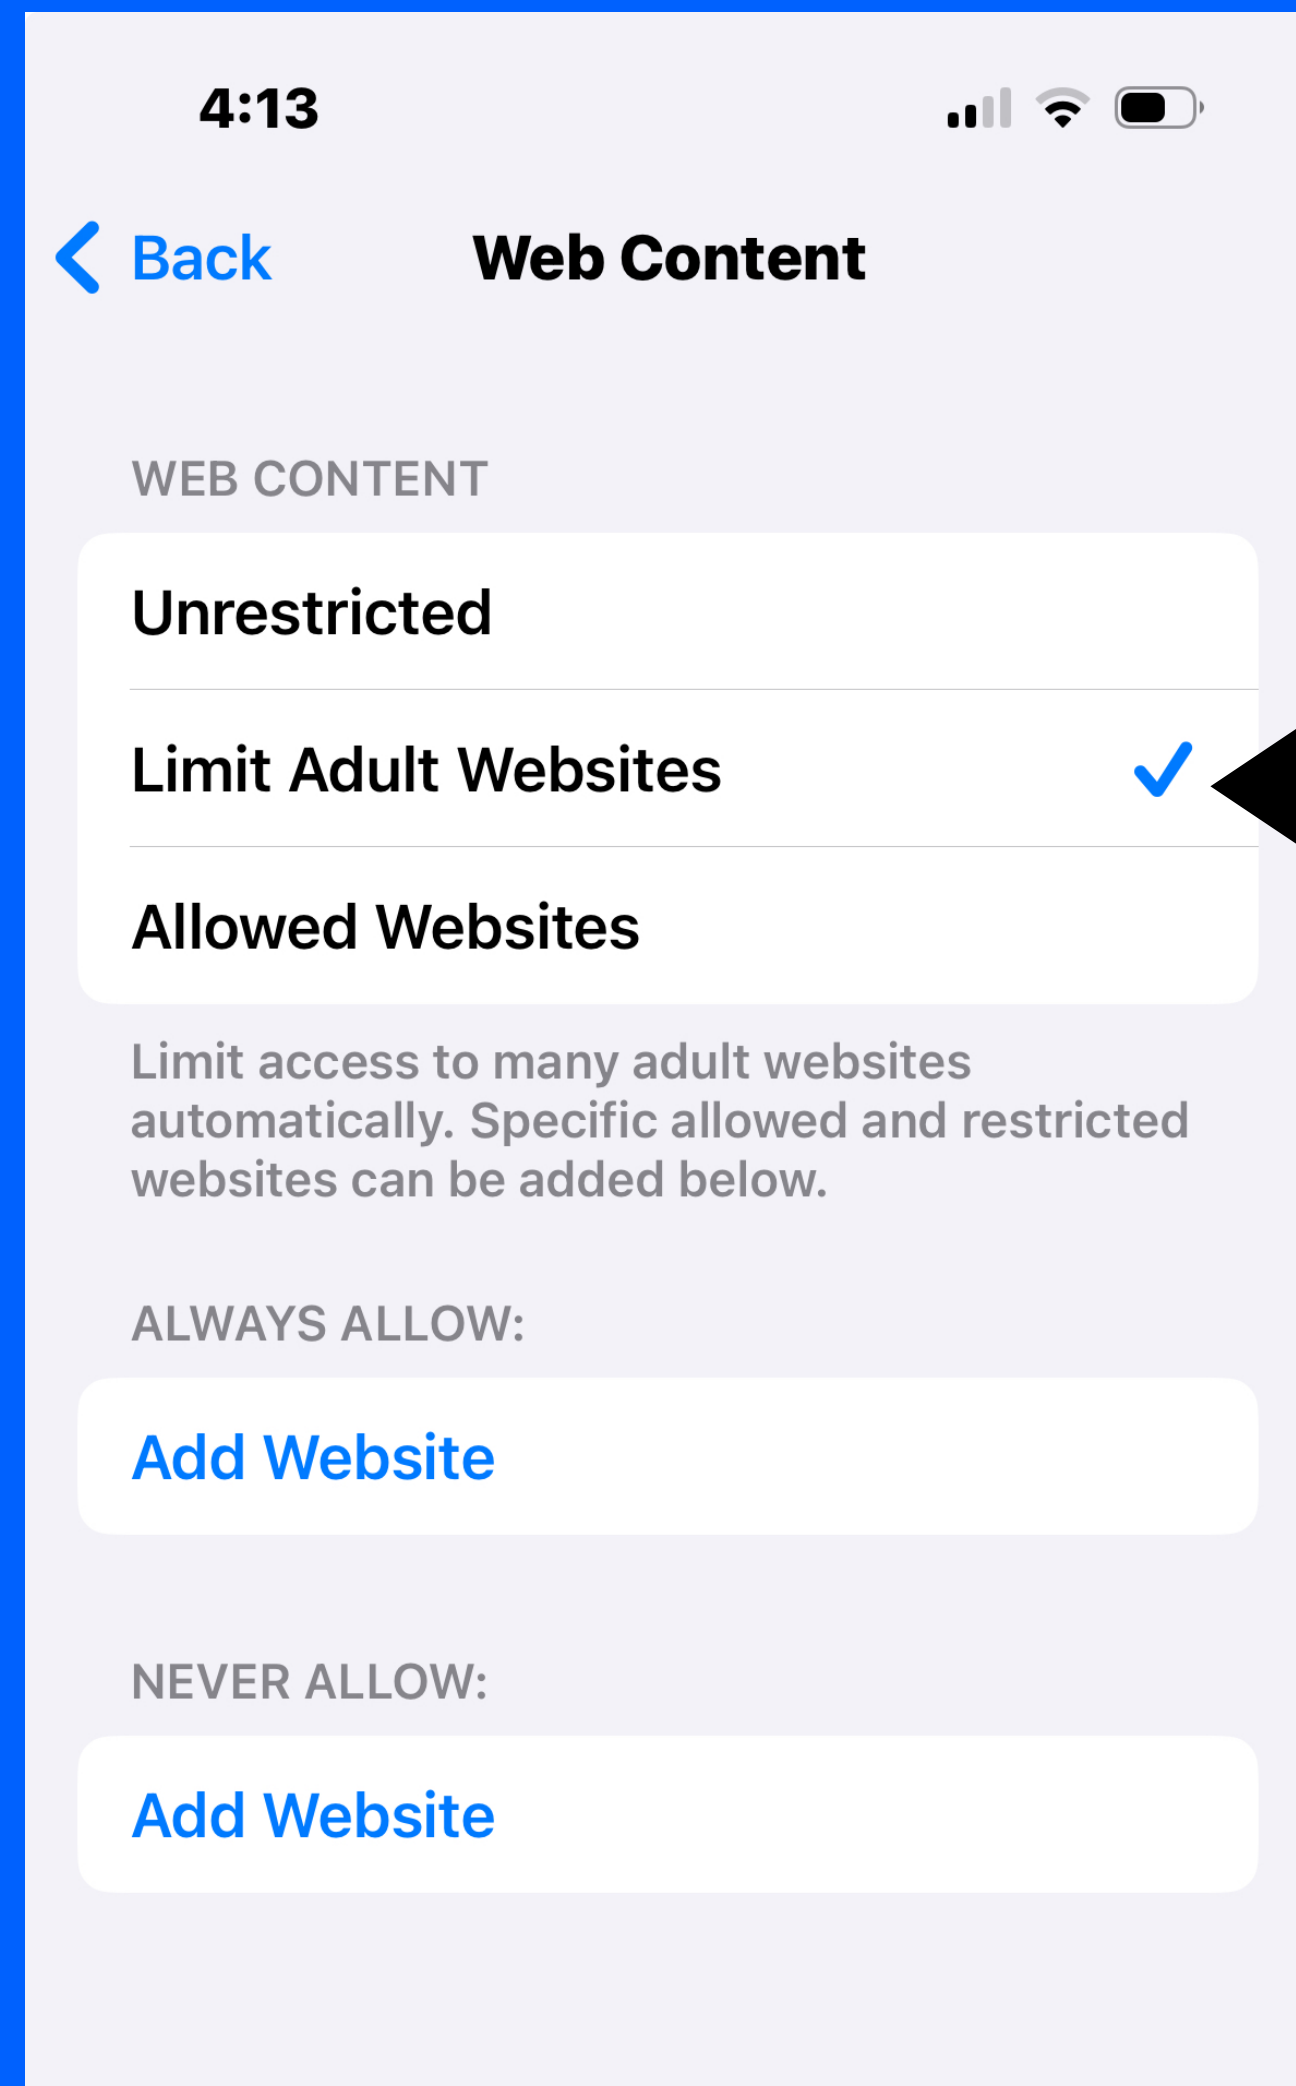

NEVER ALLOW:

www.reddit.com

www.twitter.com

Add Website

Options to always allow or never allow websites, provide ability to remove blocks for certain sites or never allow specific sites.  
**EXAMPLE** Two sites that are not overtly pornographic but are known for allowing explicit content are entered under **NEVER ALLOW.**

**“Limit Adult Websites”  
also locks history  
blocking ability to delete  
visited sites.**

**Locking history provides  
parents an unedited view of  
sites visited.**

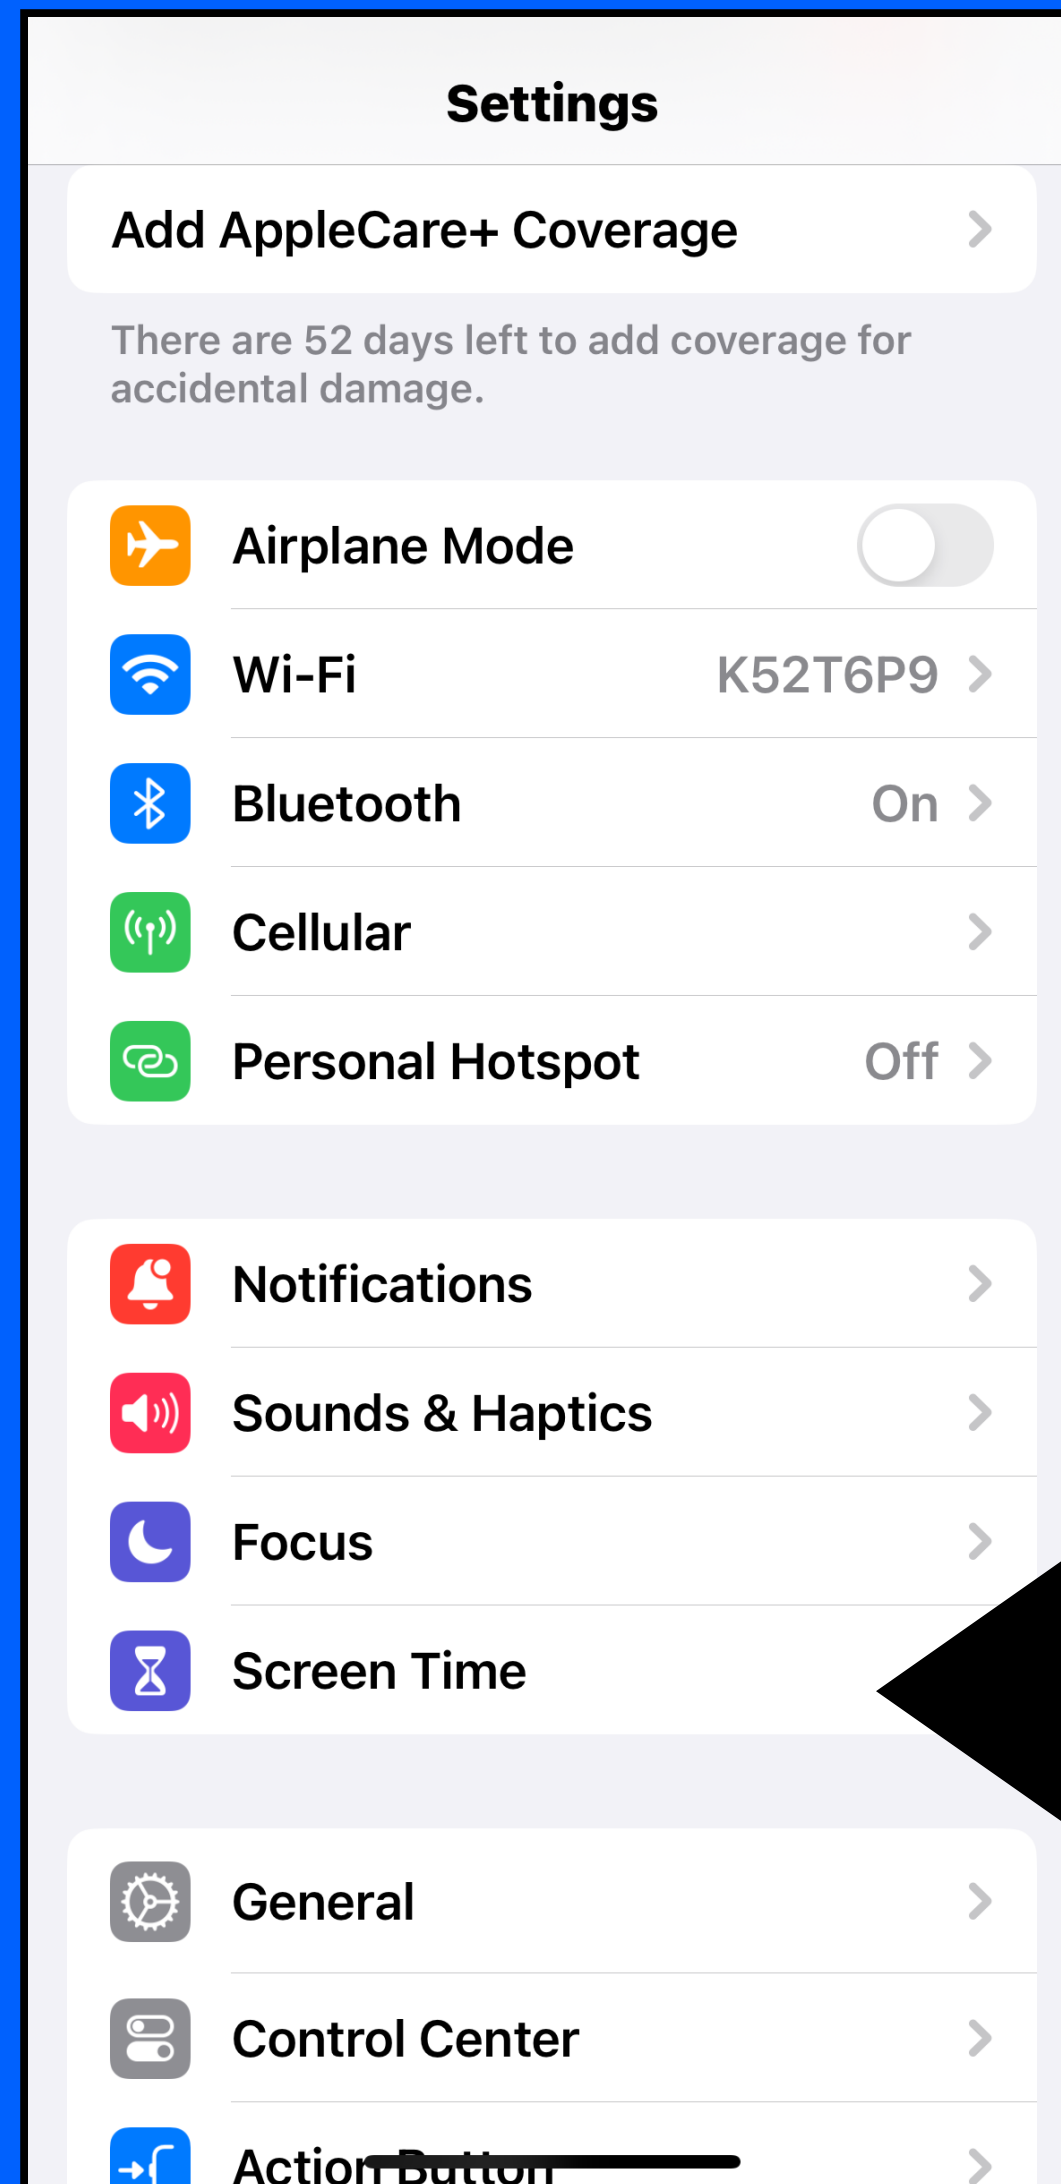

AS YOU CAN SEE, ACTIVATING THE FILTER IS SIMPLE. DEACTIVATING THE FILTER IS JUST AS EASY. IF YOU DON'T PASSCODE PROTECT CONTENT RESTRICTIONS ANYONE WITH ACCESS TO THE DEVICE CAN BOTH TURN OFF THE FILTER AND CHANGE SETTINGS.

The next section shows you how to passcode protect content restrictions.

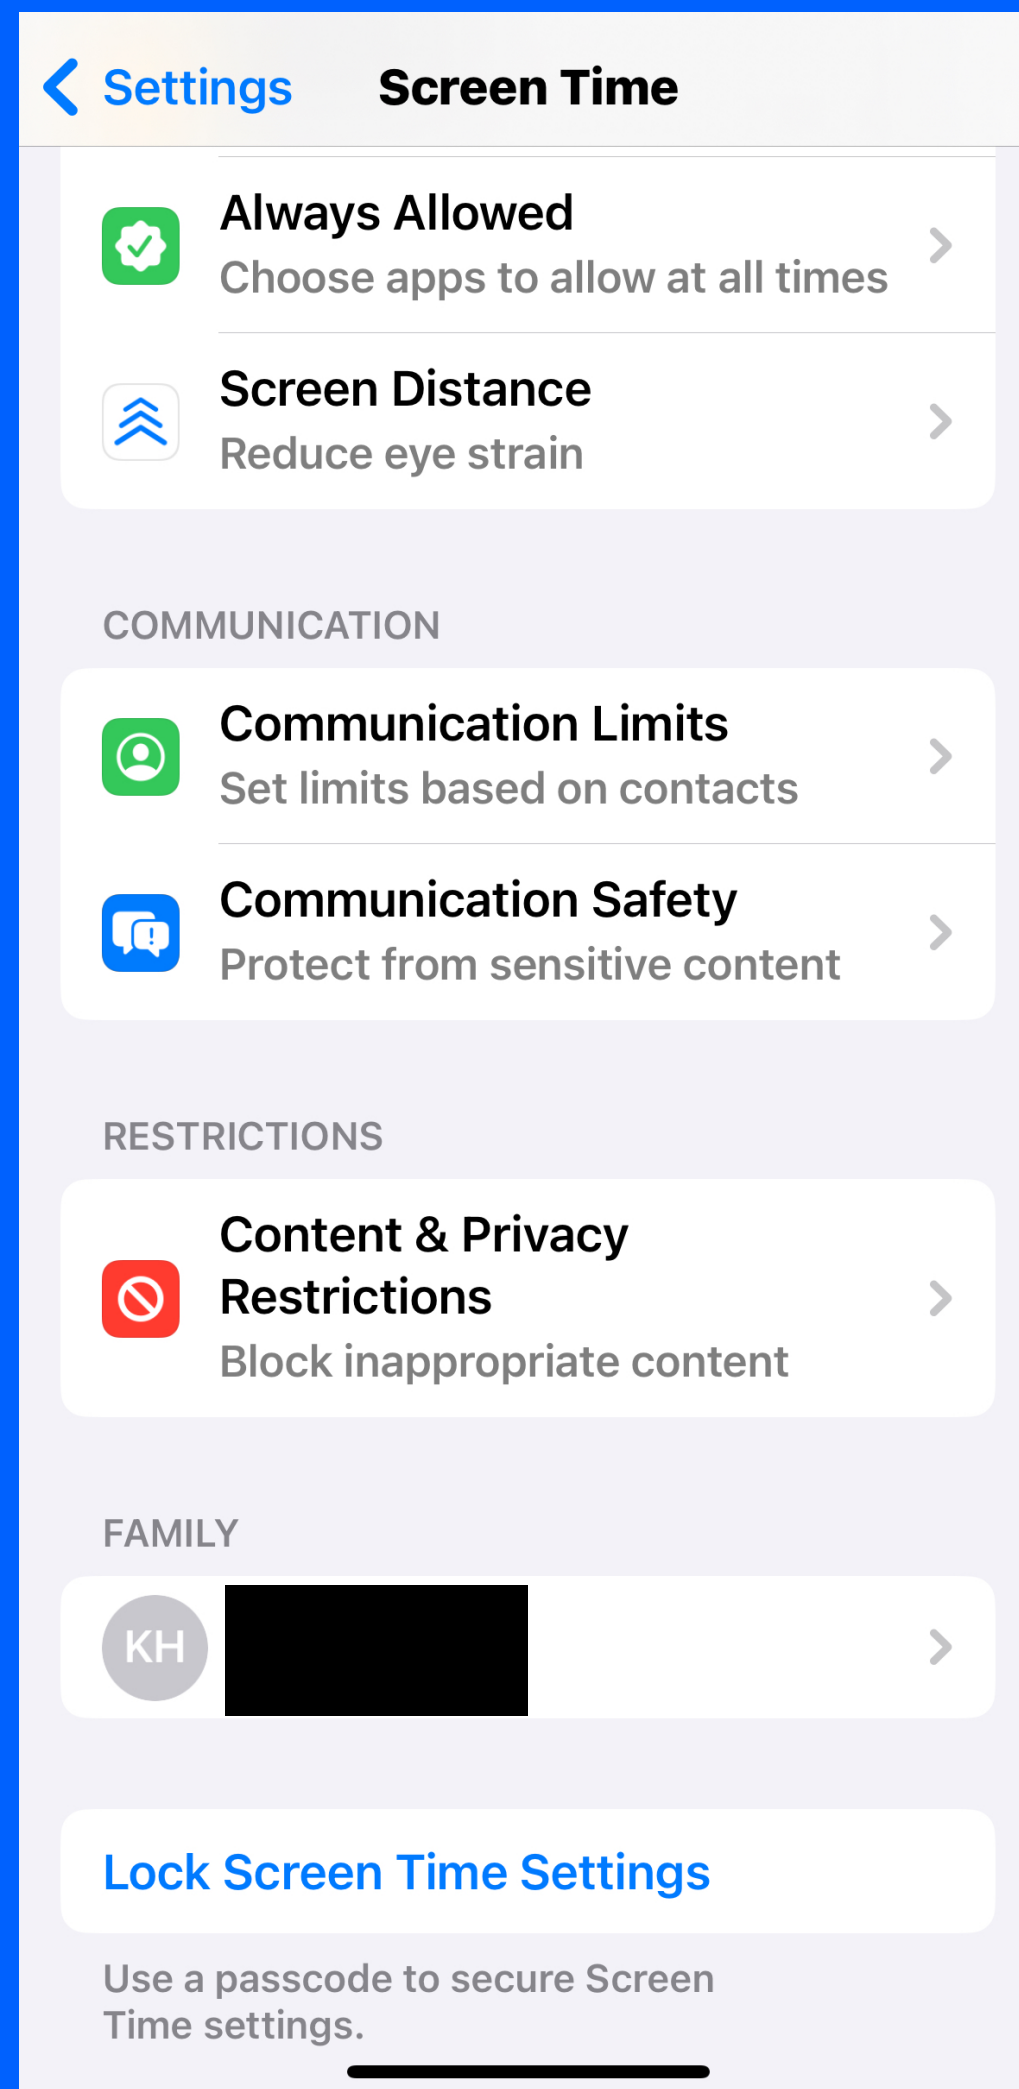

# Return to Settings

YOU HAVE ACTIVATED THE  
FILTER. NOW PASSCODE  
PROTECT YOUR CONTENT  
FILTER.

Select Screen Time

UNDER CONTENT & PRIVACY RESTRICTIONS YOU  
MAY SEE 3 DIFFERENT PROMPTS

## 1.Lock ScreenTime Settings

PC turned off, screen unprotected

## 2.Change Screen Time Passcode

PC set, want to change PC

## 3.Use Screen Time Passcode

Set Screen PC for first time

Scroll to “Lock or Change Screen Time Settings”  
SELECT “Lock Screen Time Passcode  
or which ever prompt listed above appears here.”

# Set Passcode

11:03

Set Passcode Cancel

Set a Screen Time Passcode

○ ○ ○ ○

**Key pad will appear.  
Enter 4 digit Screen  
Time passcode.**

**Re-enter the  
same Screen  
Time Passcode**

**Set Passcode**

[Cancel](#)

**Re-enter Screen Time Passcode**

This screen may appear after you set your PC. If you forgot your Screen Time passcode you need your Apple ID and email address to reset. If you have already successfully set your passcode select “cancel.” “Are you sure” will appear select “skip.”

**WHEN PURCHASING A SMARTPHONE FOR A CHILD, PARTICIPATE IN THE ACTIVATION OF THE PHONE AND INSURE ALL PERSONAL DATA (especially birthday) IS ACCURATE. SET THE FILTER SETTING TO “ON”(Limit Adult Websites) AND PROTECT IT WITHOUT DIVULGING THE PASSCODE.**
